

Congratulations on Becoming an Apprentice!

Photo by John Siga, Photographer, Fanshawe College

You'll need good math and communication skills for your work and your studies.

Are you prepared?

There's help available to build your skills so you can:

- Prepare for your in-school studies
- Succeed in your in-school program
- Pass your Certification of Qualification exam

Don't be afraid to ask for help!

**EMPLOYMENT
ONTARIO**
The job is out there. We'll help you find it.

This Employment Ontario Project is funded by the Government of Ontario

Motive Power Sector

Are You Ready for School?

Check to see.

Try answering these questions...

1. How many words are spelled incorrectly in the next sentence? Maintenance schedules for cars are very important and regular attention is needed for the replacement of worn spark plugs and/or lubrication.
2. A part has a markup of 36%. The profit in dollars is \$22.50. What is the dealer cost?
A. \$8.10 **B.** \$30.60
C. \$62.50 **D.** \$74.80
3. When a gas is heated it?
A. expands **B.** contracts **C.** condenses
D. solidifies
4. A wrench is regularly priced at \$24.98. It is on sale with a 15% discount. Approximately how much will you save by buying it on sale?
A. \$3.75 **B.** \$3.70 **C.** \$21.23 **D.** \$20.48

Did you know?
*You need at least
70% to pass
a trade exam.*

There are **FREE** programs in your community to help build your math and communication skills so you can be successful.

Programs are:

- Available at night, during the day and online
- Flexible to suit your individual needs
